1. High Street Development Fund, John Linsley- reported that we had and out with our application. Feedback was that the submission was good, and there is likely to be a new funding round announced next year, We were the highest of all the Doncaster area bids. Important to keep the interest going.
2. Planters are now on the Market Hill, new fruit and vegetable stall now in place. The Lectern Company have gone into liquidation new quotes now requested. Shall still use North Notts Landscaping Company for installation as pleased with Notice Boards.
3. It seems unlikely the War Memorial will not be moved prior to Armistice Day.
4. Negative feedback from the Sports Day, it is not intended to participate in 2020.
5. Tony played back excerpts from the recordings of long-term residents in Bawtry, it had been successful, and the participants had requested we do it again on 26th October at 2.30 again in the Phoenix Theatre. Anybody interested in taking part more than welcome to attend.
6. To Look at funding through a series of workshops to request and table ideas on a way forward.
7. Relook at the original costings re placing information boards etc round Bawtry. David to find original costings.
8. Worth investigating a peppercorn rent on the toilets on Gainsborough Road to reopen toilets as a Heritage Centre and toilets.
